HOUSE

OUR SERVICES

**Pricing Available Upon Request*

DESIGN CONSULTATION

The initial step in the pre-production process. Schedule a meeting at our Miami Design Studio with our design team to discuss product concepts.

PRODUCT DEVELOPMENT

From concept to creation, our design team provides a full range of creative guidance and quality pre-production services.

COLLECTION & PORTFOLIO DESIGN

Present your collection and concepts with a professional portfolio designed by our creative team. Including full color fashion illustrations, technical flats, tech packs & specs, fabric, and fashion branding & marketing.

FASHION DESIGN | MANUFACTURING

TECH PACK DESIGN

The blueprint of the apparel industry - a finalized & detailed tech pack is a necessity to begin production. Our technical designers work directly with clients and factories to create standardized measurement charts and garment specs.

GLOBAL SOURCING

Access to unique fabric, trim, and materials from quality sources around the world.

PATTERNMAKING & GRADING

Team of patternmakers with over 50 years of industry experience, specializing in multiple patternmaking methods and technologies including Gerber Accumark Silhouette 2000 and Lectra Systems.

SAMPLE MAKING

Team of sample makers specializing in quality construction and quick turn around time.

FASHION MARKETING

Branding, advertising, and networking through trade shows, company newlesters, brand brochures, product catalogs and looks books. Our design and marketing team will help create a complete branding strategy to get YOUR new product line the recognition it deserves!
